

SPECIFICATION

POTASSIUM SORBATE GRANULAR

MEETS FCC IV SPECIFICATIONS

=====

CHEMICAL NAME : **Potassium Salt 2,4 Hexadienoic Acid**

PARAMETER	GUARANTEED VALUE
------------------	-------------------------

Water	0.5% max
--------------	-----------------

Assay	99% min
--------------	----------------

Acidity (as sorbic acid)	1.0% max
---------------------------------	-----------------

Alkalinity (as K₂CO₃)	1.0% max
--	-----------------

Heavy Metals (as Pb)	10 ppm max
-----------------------------	-------------------

Arsenic	3 ppm max
----------------	------------------

Loss on drying	1.0% max
-----------------------	-----------------

Oxidizer	None
-----------------	-------------

Melting Point	133-135⁰C
----------------------	-----------------------------

Aldehydes	0.1% ppm
------------------	-----------------

Lead	0.5 ppm
-------------	----------------

Mercury	0.01 ppm max
----------------	---------------------

ADDITIONAL INFORMATION

Particle size	Dust free-rod shaped pellets
----------------------	-------------------------------------

Origin	China
---------------	--------------

Certifications	Kosher Passover / Supplier has ISO 9002
-----------------------	--

Shelf life	Minimum 2 years from date of production
-------------------	--
